Check out these tips to help dust off and improve your golf swing. p. 03

A MESSAGE FROM OUR MANAGER

Bryan Cox

July has been a very busy month with golf outings and with normal play. Rounds have been up compared to the previous 2 years! We absolutely enjoy seeing everyone coming out here.

Our 2nd Junior Golf Camp was in July. 24 junior campers enjoyed their time and we may have to be on the look out in the years to come for some of these youngsters! Watch out for Justin Thomas and Rory Mcilroy! July was another wet month with the golf course seeing almost 10 inches of rain. Due to all the rain the golf course is green and in great shape!

Our 2-Person Triad tournament will be held on August 14th. This is a great tournament with 3 different formats. You won't want to miss this event!

As always, my door is always open and please don't hesitate to reach out if you need anything.

2-Person Triad Tournament

Saturday, August 14th
Piper Glen Golf Club

SWING TIP OF THE MONTH

Everyone has had the dreaded “Shanks” before. It is not fun at all. Here are a few drills to help get rid of them.

The easiest fix is to stand farther away from the ball at address. But for long-lasting results, be sure to keep your weight over the middle of your feet, which stops you from moving toward the ball. To eliminate your shank-inducing forward move, go to the range and hit practice shots with a ball placed under the toes of each foot. When you’re playing for real, simply focus on returning your hands at impact to the same place they were at address. It’s an old-school swing thought that’s still a bona fide shank-buster
