Format: Four-person teams.

On each hole, one member of the team is designated as the "Money Ball" and plays the hole solo. The other three team members play the hole as a scramble. Those two scores are combined to create the team score.

The "Money Ball" designation rotates throughout the round; for example, Player A has it on the first hole, B on the second, C on the third, D on the fourth, then back to A on the fifth and so on.
